Organic Kelp sourced from Australian waters

Lawn

Vegetables

Fruit Trees

Garden

Turf 10-20ml per litre of water. Repeat 2-3 times per season.
Vegetables/Fruit Trees 20ml per litre of water.

1L

ORGANIC BASED LIQUID KELP

Organic Based Liquid Kelp when applied as a foliar spray has the potential to:

- Boost root growth
- Improve drought stress
- Overcome nutrient deficiencies
- Stimulate cell division
- Improve fruit production

DIRECTIONS FOR USE

Shake well and avoid equipment with fine filters due to coarse materials. Recommend 180 MICRON (80 Mesh) filters and nozzles. Do not apply at flowering.

Turf 10-20ml per litre of water. 10L (knapsack) covers 400m². Repeat 2-3 times per season.

Vegetables/Fruit Trees 20ml per litre of water. 10L (knapsack) covers 200m². Repeat 2-3 times.

General Can be mixed with most insecticides, herbicides and fungicides. Suitable for use with most plants but not recommended for use on native plants.

DANGER Read the label before use and follow instructions. When handling, avoid eye and skin contact. Avoid inhalation of vapour, mist or aerosols. Wash hands, face and all exposed skin thoroughly after handling. If in eyes, flush with running water for 15 minutes. Seek medical assistance via a doctor or the Poison Centre if concerned or irritation occurs. Store in original packaging in a cool, dry, well-ventilated place out of direct sunlight, away from consumables.
